The centre is here for children and young people who want to spend their free time with people of their age and friends. They can entertain themselves, play different games, learn new skills and realize themselves. Everyone is welcome. Your religion, your skin colour or your social status is not important. We work on the basis of “the Don Bosk preventive system”. We focus on the visitors’ satisfaction.

The centre goals

The centre’s goal is to make a contribution to the holistic development of children and youth using the preventive educational system of Don Bosk, offering suitable leisure activities.

“Open clubs” (“Otevřené kluby“)

“Open clubs” focus mainly on non-organized and socially disadvantaged children and youth at the age of 6-26 living in Čtyři Dvory, Máj, Šumava and Vltava (housing estates situated in České Budějovice).

“Open clubs” work in two teams: “Ploughman” (“Oráč”) and “Oratory” (“Oratoř”).

“Circles” (“Zájmové kroužky“)

The centre has much to offer as for many circles, tournaments and other activities destined mainly for children. Circles take place mainly on the following days and in the following hours: Tuesday, Wednesday, and Thursday from 2.00 to 8.30 p.m.; in the premises of “Centre” or in hired gyms. Exceptionally, other days are possible. The circles participants are lead by the “Centre” employees’ guides or by volunteers who cooperate with “Centre”.

“Cottages” (“Chaloupky“)

“Cottages” are Christian camps organized by “Centre” (“Středisko”). A family atmosphere and a small amount of children are their main characteristics, and the main goal of all guides and animators is to let the children feel like being at home. Children here educate in the spirit of Christian values. However, not only children coming from Christian families can participate. During the camp, qualified guides and animators who meet regularly during school years look after the children.

“Volunteers” (“Dobrovolníci“)

Volunteers work as educational assistants who take part in all the programmes. They take a share in a preparation, realisation and evaluation of singular activities.

We are members of “the Woodman organization” which is an organization focused on countryside sojourns and based on its own training-educational system. The organization unites persons interested in its untraditional conception: harsh, adventurous and even technically focused countryside training. It takes up free time of not just children, but even adults and teenagers. “1st Woodman Organization České Budějovice” was established on 3 May in 1990 due to a merger among former Pioneer Organizations: “Orion”, “Ztracená stopa” (“Lost trace”), “Myšáci” (“Mice”) and “Stopaři” (“Trackers”). Nowadays it merges five children’s clubs: “Vlčata” (“Wolf cubs”), “Strážci” (“Guardians”), “Ztracená stopa” (“Lost trace”), “Kamzík” (“Chamois”) and “Práčata” (the youngest club). Furthermore, there is also one adult club focused on Indian’s theme: “Lidé života” (“The people of life”)/“Wičoni oyáte”. The all-year-round club work comprises both regular meetings in the clubroom, and weekend expeditions in the countryside. Every year we organize a summer camp which represents the annual club work. The camp takes place in Nesměň (on our permanent basis).

“Česká tábomická unie” is an organization uniting children, youth and adults on the basis of their common interests in tramp clubs and tramp villages. It also makes conditions for individuals’ interests’ development. The union bases on “wood wisdom”. It follows on traditions of The Czech Camping Union dating back to 1968-1970 and traditions of historical tramp movement (viz. history section).

Its activity focuses on sojourns in countryside. The Czech Camping Union unites all people who like spending their time in the countryside, who want to become experts in nature and its laws, who are keen on becoming environmentalists. However, "nature" does not stand only for forests and freedom. It also includes all human beings and all the beautiful things they have created.

The union is open for all age groups. It helps them to find their interests, to get knowledge and skills, and it schools them in the name of the ideals of „right humanity". The main goal of the union is not to impose something on somebody, but to share common needs and interests of camping clubs, tramp settlements and solitaries. Every Czech Camping Union club and settlement deals with all questions on their own considering their possibilities and conditions.

We are an association operating in history (Historie), arts (Umění), sport (Sport), environment protection (Qchrana životního prostředí) and hiking (Turistika). The goal is to give them general knowledge, new friendships, and teach them social graces like reliability respect and help, not to turn them into professionals. Every Thursday, there is a meeting in the club in Podebradova Street 772. We do various activities there such as talking about touristic and camping skills, making different things from different types of material, doing sports, competing, playing social games etc. We usually go for trips, play games and attend club meetings (twice a month). In summer, there is a camp in Bohumilice. We also take many exams in the course of the year. Our traditional actions are: the street hockey tournament, the evening game “Zampa-Pampa”, the climb to the Kuřidlo hill, Solstice, the animal tree, the Olympics of table games, the sports Olympics, “Prkno” (the artistic activities display), the assessing meeting, and the final campfire. On Tuesday, there is a meeting of fans of table hockey so called “šprtec” in Czech. Its members take part in “The League of schools” (“Liga škol”) and in some of the tournaments held by “The Table Hockey Players Union” (“Unie hráčů stolního hokeje”).
